### **THRIFTS' HISTORICAL INFORMATION PUBLISHED IN NEW OTS FACT BOOK**

WASHINGTON, D.C., July 25, 1997 - Comprehensive historical financial and structural information about the nation's thrift industry is now available in the Fact Book, just published by the Office of Thrift Supervision (OTS).

The Fact Book contains comprehensive annual and quarterly statistics on federally regulated thrift institutions, including: number of institutions, number of institutions by charter type, assets, liabilities, income, equity and mortgage originations and lending activities.

Annual national data go back to 1940 for many of these financial measures, and data such as the number of institutions, total assets, deposits, liabilities, equity capital and net income are further broken down by year for each state. The state data cover the period from 1984 through 1995.

The Fact Book is available on the OTS web page at [www.ots.treas.gov](http://www.ots.treas.gov). Individual tables may be selected and printed. Limited quantities of the Fact Book also are available in print by writing to: OTS Dissemination Branch, 1700 G Street N.W., Washington, DC 20552 (fax: 202/906-pres955, or e-mail [public.info@ots.treas.gov](mailto:public.info@ots.treas.gov))

###

The Office of Thrift Supervision (OTS), a bureau of the U.S. Treasury, regulates and supervises the nation's thrift industry. OTS' mission is to ensure the safety and soundness of thrift

institutions and to support their role as home mortgage lenders and providers of other community credit and financial services.
